

**cleaningAGENT** –  
Cleaning has never been so easy.

A clever, easy-care solution:  
**cleaningAGENT.**

**Totally practical,** extremely compact and manufactured to the highest standards. For all its light weight and compact design, cleaningAGENT has a lot of practical features and ample space for all your cleaning stuff. The divided top tier organises sponges, brushes and other implements.

Top marks for practicality: lift-out bottom rack for cleaning fluid bottles with the ergonomic easy-grip handle.

All plastic elements are dishwasher safe and detachable for easy cleaning.

Safe for all the usual cleaning agents.

Rubberised feet for a firm footing

Mounted right or left on bottom panel – independent of door opening – (can be retrofitted)

Standard with:

**cleaningAGENT pull-out**  
consists of:

- 1 system carrier
- 1 lift-out rack with easy-grip handle
- 2 large containers
- 1 small container
